## Minnesota Museum of Mining

The "Iron Pour on the Iron Range" is returning to the Minnesota Museum of Mining on June 8 & 9. The molten iron poured into molds comes from old cast-iron radiators that have been smashed to bits. We keep costs down by supplying the old radiators, so if you have one gathering dust, call the Museum at 254-5543.

Also, June 16 & 17, the Museum will host the Laurentian Northern Rail Road Club and their extensive operating model trains. Fun for all ages!
