Minnesota Museum of Mining

The "Iron Pour on the Iron Range" is returning to the Minnesota Museum of Mining on June 7 & 8. Igneous Metal Arts (IMA) is a group of artists dedicated to preserving metal casting as an art form. They invite you to sketch a design on paper, then carve it into a sand mold with tools provided. IMA then casts it in iron, making a plaque with your design. To reserve your mold or for more information call the Museum at 254-5543.

Also, June 15th (9am-5pm) & 16th (1pm-5pm), the Museum will host the Laurentian Northern Railroad Club and their extensive operating model trains. Fun for all ages!
